US SECRETLY BUILT 'CUBAN TWITTER' TO STIR UNREST

WASHINGTON (AP) — The U.S. government masterminded the creation of a "Cuban Twitter" — a communications network designed to undermine the communist government in Cuba, built with secret shell companies and financed through foreign banks, The Associated Press has learned.

The Obama administration project, which lasted more than two years and drew tens of thousands of subscribers, sought to evade Cuba's stranglehold on the Internet with a primitive social media platform. First, the network would build a Cuban audience, mostly young people; then, the plan was to push them toward dissent.

Yet its users were neither aware it was created by a U.S. agency with ties to the State Department, nor that American contractors were gathering personal data about them, in the hope that the information might be used someday for political purposes.

Havana, 05 maio (RHC).- O Partido Comunista Francês condenou o programa ZunZuneo contra Cuba, orquestrado pelos Estados Unidos, afirmando que viola todas as leis internacionais no âmbito das telecomunicações.

Washington usa todas as formas de guerra psicológica e sua tecnologia para intrometer-se nos assuntos internos de Cuba, afirmou Lorent Perea, membro do Conselho Nacional do partido. E sentenciou: “ a obsessão imperialista leva o governo norte-americano a fazer propaganda falsa contra Cuba e em detrimento de outros países da América Latina.
