

Coronavirus kills five more people in Palestine, bringing total to 35

Ramallah, July 12 (RHC)-- Palestinian security forces in the occupied West Bank city of Ramallah have created checkpoints within measures taken against the coronavirus pandemic due to increase of cases.

The Palestinian health ministry has announced five more deaths caused by the novel coronavirus on Saturday, along with 436 infections.

In a statement, the ministry said four Palestinians from Hebron city and another from Bethlehem in the occupied West Bank died from the disease.

Palestinian authorities had reported 35 deaths of the disease and 829 recoveries among 5,827 confirmed cases.
