Alfredo Despaigne, Cuban player of *Piratas de Campeche* baseball team, has been indefinitely suspended amid doubts about the authenticity of his Dominican passport because of the avalanche of information from national and international media, the *Mexican Baseball League* reported.

The Mexican League decided to put him aside from his Season with them to ask the Dominican Republic Embassy in Mexico City to verify the document in which he was registered to play baseball in Mexico. The League reported that if there is no response of the Dominican authorities, it will report the situation to the Mexican Attorney General's Office to clarify the matter.
