United Nations, January 28 (RHC)-- United Nations Secretary-General António Guterres is urging global action against the spread of neo-Nazism and white supremacy, which he says has proliferated during the COVID-19 pandemic.

Guterres spoke at the U.N. Holocaust Remembrance Service on Wednesday, marking the 76th anniversary of the liberation of Auschwitz-Birkenau.

Secretary-General António Guterres said: "Anti-Semitism continues to blight our world. It is sad, but not surprising, that the COVID-19 pandemic has triggered yet another eruption of this poisonous ideology. We can never let down our guard."
