Health condition of Alberto Juantorena

Havana, August 13 (RHC)-- On Friday night, medical authorities have informed INDER about the health condition of double Olympic champion Alberto Juantorena Danger, an emblematic figure of Cuban revolutionary sports.

- He is currently hospitalized at the Pedro Kourí Tropical Medicine Institute.
- He has a history of COVID-19 acquired abroad, as a result of which complications have appeared.
- He presents current symptoms of bronchopneumonia and cardiovascular decompensation.
- His care is guaranteed by a multidisciplinary team.
- He is currently reported as critically stable.

The information was issued this August 12 at 9:30 pm.
