Ramallah, May 1 (RHC)-- In the occupied West Bank, Israeli troops shot and killed a Palestinian teenager during a raid Monday morning on a refugee camp outside the city of Jericho.

The Palestinian Health Ministry reports 17-year-old Jibril Kamal was fatally shot in the head; six other people were wounded.

This follows the killing of 16-year-old Palestinian Mustafa Sabah near the town of Bethlehem Friday. He was shot in the chest by Israeli troops.

So far this year, Israeli forces have killed more than 90 Palestinians.
