Buenos Aires, May 21 (RHC)-- Members of political, union and social groups joined plenary meetings held in the city and province of Buenos Aires to support the Argentinean Vice President Cristina Fernández, rejecting the judicial and media persecution against her.

In the meetings, supporters of Cristina also discussed how to organize for the action next Thursday, May 25th, when they will gather in the Plaza de Mayo, in front of the Casa Rosada, to remember the 20th anniversary of the inauguration of Néstor Kirchner (1950-2010) as president.

The vice president is expected to participate in this event and will be the main speaker, as she confirmed during the interview she gave last week to the TV channel C5N.

Delegates from organizations such as Nuevo Encuentro, Peronismo Militante, La Cámpora, Frente Grande, Soberanxs, Kolina and the National Union of Neighborhood Clubs, among others, participated in the plenary meetings.
