La Paz, January 28 (RHC)-- Former Bolivian President Evo Morales has expressed his support for the South African case against the genocide being committed in Gaza by Israel. On the social network X, he

commented about the recent decision by the International Court of Justice at The Hague.

"The provisional measures imposed by the International Court of Justice ordering Israel to stop its genocidal conduct once and for all must be complied with. While we had hoped that the Court's decision would instruct a ceasefire, the measures instructed are a great step forward. Thank you South Africa for this lesson in dignity and brotherhood."
