# *Health workers uncover 49 more bodies at Gaza's Al-Shifa Hospital, some found headless*

Gaza City, May 9 (RHC)-- Health workers in Gaza uncovered another 49 bodies at the decimated Al-Shifa Hospital on Wednesday. Most of the bodies were decomposed, and some were found headless.

Five hundred twenty bodies have been uncovered across three Gaza Strip hospitals in recent weeks after attacks and sieges by the Israeli military.

According to international law, attacking hospitals is a war crime. Period.
