U.S.-supplied missiles killed more than 40, tearing bodies apart and leaving craters 30 feet deep.

Havana, September 10 (RHC)-- The Minister of Foreign Affairs of Cuba, Bruno Rodríguez, today expressed his country's condemnation of the Israeli massacre in the Palestinian refugee camp of Khan

Yunis, in the south of the Gaza Strip.

In the missile attacks against the camp, at least 40 people were killed, mainly women and children.

Through the social network X, the highest representative of the Caribbean nation's diplomacy affirmed that these acts show Israel's disrespect for International Humanitarian Law and the genocide being committed against the Palestinian people.

According to the Civil Defense of Gaza this is "one of the most horrible massacres since the beginning of the Israeli aggression in the Strip, there are entire families that have disappeared in the sand due to the missiles."

More than 41,000 Palestinians have been killed and 94,925 wounded in Israeli attacks on Gaza since October 7 last year, the territory's Health Ministry recently said in a statement. (Source: Prensa Latina)
