Washington, September 20 (RHC)-- In Washington, D.C., Sen. Bernie Sanders is preparing a "joint resolution of disapproval" against a planned \$20 billion in U.S. arms sales to Israel.

Sanders spoke from the Senate floor Wednesday: "Netanyahu's policies have trampled on international law, made life unlivable in Gaza and created one of the worst humanitarian disasters in modern history. ... The simple fact is that we must end our complicity in Israel's illegal and indiscriminate military campaign, which has caused mass civilian death and suffering."

Meanwhile, Reuters is reporting that Germany appears to have put a hold on new exports of weapons to Israel amid ongoing legal challenges.
