Gaza City, January 10 (RHC)-- The death toll from Israel's genocidal war of aggression in Gaza has now surpassed 46,000. Israeli forces killed an estimated 490 Palestinians in the first nine days of 2025, Al Jazeera's correspondent reports from the war-torn enclave where people face a daily "battle for survival."

At least 22 Palestinians have been killed in Israeli attacks on Gaza since dawn on Thursday.

Meanwhile, Amnesty International has condemned the U.S. House of Representatives for voting to impose sanctions on International Criminal Court (ICC) officials over issuing war crimes arrest warrants for Israeli leaders.
