

Cuban Representatives to Attend Important French Tourism Fair

Havana, March 13 (RHC-PL) -- Cuban representatives will attend the 2015 edition of the World Tourism Salon (MAP) from March 19th to the 22nd in Paris.

According to the Cuban Ministry of Tourism (Mintur), Cuba is delighted to participate at the event, given France's place as one of the island's main tourism source markets. The fair offers a unique opportunity to promote our tourism products for the 2015-2016 season, added the statement.

The Cuban delegation will be formed by representatives of the Ministry of Tourism, the Counselor on Tourism of the Cuban Embassy to France, Cubana Airlines, the International Group of Tour operators and the Havanatur travel agency.

France is sixth most import tourism source market to the island, registering a seven percent growth in 2014.
