

Minnesota Orchestra Arrives in Cuba for Landmark Concerts

Havana, May 14 (RHC) -- The Minnesota Orchestra arrived Wednesday in Cuba. Their historic five-day trip will make them the first U.S. orchestra to perform in Cuba since the December 17th announcement to re-establish Cuba-U.S. relations.

The Minnesota Orchestra will perform as part of Havana's International Cuba-disco Festival on Friday and Saturday. The orchestra will also be visiting several Cuban music schools while they're here on the island.

Members of the group have been posting pictures on social media as they travel. You can follow their trip at their Tumblr page www.mprnews.tumblr.com.
