

Solidarity with Cuba Conference Concludes in Brazil

Recife, June 6 (RHC)-- The 22nd Conference of Solidarity with Cuba concluded Saturday in the Brazilian city of Recife with a resolution condemning Washington's blockade policy toward Cuba.

Organizers said the final declaration also demanded the return to Cuba of the illegally occupied portion of territory in Guantánamo, in the eastern Cuban region.

During the conference, the more than 400 delegates, representatives of political parties and social movements, agreed on new solidarity actions with Cuba.
