

Israeli Military Bombs Refugee Camp in Gaza Strip

Gaza City, August 8 (RHC)-- At least four people have been wounded after the Israeli military on Friday launched an airstrike on a training facility of Hamas' armed faction the Ezzedine al-Qassam Brigades, hours after a rocket fired from Gaza struck outside a nearby Israeli community.

Hamas confirmed one of its facilities was hit and four of its members lightly hurt. The victims were rushed to the hospital in ambulances.

A small jihadist Salafi group named "The Grandsons of the Companions of the Prophet" has claimed responsibility for the rocket attack earlier.
