

Cuban Delegation Attends World Forestry Congress in South Africa

Johannesburg, September 8 (RHC)-- A Cuban delegation is attending the Fourteenth World Forestry Congress taking place in South Africa, which aims to encourage investment by governments, civil society and the private sector, to improve food security, employment and income for local communities.

With the motto "Forests and People: Investing in a Sustainable Future," the meeting is sponsored by the United Nations Food and Agriculture Organization, the FAO.

During the event, which will run through Friday, the latest global developments in the food sector will be presented, with the use of multimedia platforms to illustrate practical applications.
