

Daughter of Undocumented Parents Delivers Letter to Pope Francis

Washington, September 24 (RHC)-- A video of a little girl delivering a letter to Pope Francis during his papal procession down Constitution Avenue in Washington, D.C., has gone viral.

Five-year-old Sophie Cruz is a U.S.-born citizen whose parents are undocumented immigrants from Mexico. She slipped past the barricades Wednesday and delivered a written plea to the Pope, asking him to help keep her family together.

In the letter, Sophie Cruz said: "Pope Francis, I want to tell you that my heart is sad, and I would like to ask you to speak with the president and the Congress in legalizing my parents, because every day I am scared that one day they will take them away from me."
