

George H.W. Bush Criticizes Cheney and Rumsfeld Over Response to 9/11

Washington, November 6 (RHC)-- Former U.S. President George H.W. Bush has criticized former vice president Dick Cheney and former secretary of defense Donald Rumsfeld over their hawkish reaction to the September 11 attacks.

In a forthcoming biography, the senior Bush is quoted as saying Rumsfeld was "an arrogant fellow" and that Dick Cheney was "iron-ass."

The biography, "Destiny and Power: The American Odyssey Of George Herbert Walker Bush," by Jon Meacham, will be published next week.
