

New Iowa Poll Shows Cruz Leading Over Trump

Des Moines, December 15 (RHC)-- On the campaign trail for the U.S. presidency, a new poll of Republican voters in the U.S. state of Iowa shows Texas Senator Ted Cruz leading over business mogul Donald Trump.

The Des Moines Register/Bloomberg Politics poll found Cruz had a 10-point lead over Trump, with 31 percent support, compared to Trump's 21 percent. Retired neurosurgeon Ben Carson appears to be plummeting in the polls. The shift came one day ahead of the next Republican presidential debate tonight in Las Vegas.
