FERIA INTERNACIONAL del LIBRO La Habana, CUBA

Havana, February 19 (RHC)-- A colloquium dedicated to the 90th birthday of Cuban Revolution Leader Fidel Castro was a big highlight from Friday's activities of the International Book Fair (Cuba 2016).

Abel Prieto Jiménez, Advisor to Cuban President Raúl Castro, said Fidel has contributed significantly to Cuba's cultural development, "always with a view into the future," he added.

During the colloquium, held at the Casa del Alba Cultural Center, a collection of texts on the Cuban historic leader were presented, among them a new edition of the book 'Fidel: Time Warrior'. It is a compilation of interviews with the revolutionary leader by Cuban journalist Katuska Blanco.
