

Palestinians in Ramallah Urge Boycott of Israeli Goods

Ramallah, February 29 (RHC)-- Hundreds of Palestinians, including lawmakers, held a demonstration in the occupied West Bank over the weekend, calling for the boycott of Israeli products. Marching through the streets in Ramallah City, the demonstrators urged people worldwide to unite against the Tel Aviv regime and put an immediate embargo on Israeli goods.

The demonstration was part of a campaign that is a coalition of worldwide organizations established a decade ago, which advocates boycotts, divestment and sanctions against Israel, known as the BDS movement. Thousands of volunteers worldwide have joined the BDS ever since to help promote the Palestinian cause.
