

U.S. Chain Opens Hotel in Cuba

Havana, June 29 (RHC)-- Starwood Hotels & Resorts Worldwide, Inc. today announced a historic milestone with the opening of Four Points Havana—the company's first hotel in Cuba.

The opening comes on the heels of the groundbreaking deals signed by Starwood in Cuba earlier this year, which established Starwood as the first U.S. based hospitality company to enter the market in nearly 60 years.

Owned by Grupo Hotelero Gaviota and managed by Starwood Hotels & Resorts, Four Points Havana caters to the global traveler with an emphasis on approachable design and stylish comfort.

Four Points Havana offers 186 spacious guest rooms, 1,000 square feet of market-leading meeting facilities, full-service dining at Don Quixote, breakfast and lunch service at El Olivo, and poolside light bites.

Amenities include a 24-hour fitness center, a business facility and a fully equipped spa, offering a variety of massage treatments and a sauna and steam bath.

The hotel features the brand's signature Best Brews offering refreshing local beers Cristal and Bucanero at the hotel's lobby bar. It also offers Wi-Fi throughout the hotel. The new Four Points is located in Havana's Miramar district—a business and financial center which houses many international embassies.

Travelers from the United States must meet all of the travel requirements established by the U.S. government. Four Points by Sheraton Havana will continue to undergo upgrades and improvements over

the next few months.
